

Amira Hoxha

FRONTEND ENGINEER | NEXT.JS | REACT | TYPESCRIPT

Prishtina, Kosovo | amirahoxha0@gmail.com | Open to relocation to Germany

PROFESSIONAL PROFILE

Frontend engineer with approximately six years of experience building responsive web applications and reusable UI systems. Strong in React, Next.js, TypeScript and JavaScript, with hands-on experience across server-side and client-side rendering, API integration, component architecture and design-to-code delivery. Currently developing toward frontend-heavy full-stack work with Next.js and TypeScript.

PROFESSIONAL EXPERIENCE

2025 - Present **Frontend Developer**

TechNexus IO

- Build production-ready web interfaces with Next.js, React, TypeScript, Tailwind CSS and shadcn/ui.
- Translate detailed Figma designs into responsive, pixel-accurate interfaces and reusable component systems.
- Collaborate with design and backend teams through GitHub-based development workflows during feature delivery.

2023 - 2025 **Freelance Frontend Developer**

Kennedy Technology / Runway Extenders

- Developed Next.js and TypeScript applications using both server-side and client-side rendering.
- Built responsive, pixel-accurate user interfaces and reusable components within an Agile delivery process.

2022 **Frontend Developer**

Ritec International AG

- Built frontend features with Ember.js, React, TypeScript, Tailwind CSS and Context API.
- Worked with designers and backend developers on API integration, UI delivery and cross-team implementation.

2018 - 2020 **Frontend Developer**

Real Visualz LLC

- Built React and Redux applications using HTML, CSS/SCSS, Bootstrap and Material UI.
- Integrated frontend applications with backend services and improved performance and page-load efficiency.
- Used Jira, Git and GitHub in team-based development workflows.

Amira Hoxha

FRONTEND ENGINEER | NEXT.JS | REACT | TYPESCRIPT
